

# CPR AIRWORTHINESS SAFETY POLICY

Our first priority is SAFETY for all our activities ...

We are committed to implementing, developing and continually improving strategies, management systems and processes to ensure that all our aviation activities uphold the highest level of safety performance and meet national and international standards.

## Our commitment is to:

- a) **Develop and embed a safety culture in all our aviation activities** that recognizes the importance and value of effective aviation safety management and always acknowledge that safety is paramount;
- b) **Clearly define for all staff their accountabilities and responsibilities** for the development and delivery of aviation safety strategy and performance;
- c) **Minimize the risks associated with aircraft operations** to a point that is as low as reasonably practicable/achievable;
- d) **Ensure that externally supplied systems and services that impact upon the safety of our operations** meet appropriate safety standards;
- e) **Actively develop and improve our safety processes** to conform to world-class standards;
- f) **Comply with and, wherever possible, exceed** legislative and regulatory requirements and standards;
- g) **Ensure that all staff are provided with adequate and appropriate aviation safety information and training**, are competent in safety matters and are only allocated tasks commensurate with their skills;
- h) **Ensure that sufficient skilled and trained resources** are available to implement safety strategy and policy;
- i) **Establish and measure our safety performance** against realistic objectives and/or targets;
- j) **Achieve the highest levels of safety standards and performance** in all our aviation activities;
- k) **Continually improve** our safety performance;
- l) **Conduct safety and management reviews** and ensure that relevant action is taken; and
- m) **Ensure that the application of effective aviation safety management systems** is integral to all our aviation activities, with the objective of achieving the highest levels of safety standards and performance; and
- n) **Cultivate an atmosphere where people have confidence to report safety concerns without fear of blame.** Non-conformances and errors are discussed during presentations where complete confidentiality will be maintained and that the information they submit will be acted upon.
